TO WHOM IT MAY CONCERN

St Marys Rugby League Club's decision to appoint Exact Security was based on industry experience and knowledge, their commitment to building customer relationships and the willingness of Exact Security to train and refine their security operatives on an ongoing basis. I am pleased to say that Exact Security has performed above the standard that was not only expected but desired.

Even with a large customer based operation such as ours Exact Security has been able to interact with our customers in a friendly manner while being extremely professional in dealing with any matters that have arisen. The ability of the Exact Security operatives to communicate with our customers has been excellent and the training provided has been reflected in their performance.

St Marys Rugby League Club looks forward to continuing the professional partnership with Exact Security that has developed since their appointment.

Yours faithfully

Stewart Graham
Assistant General Manager
